

SHRINE BAND WILL Give Free Concert

Theater-goers Held at Bay. One Pedestrian Shot Who Attempted to Stop Robbers in Night Haul.

NEW YORK, March 12.—While Broadway was crowded with theatergoers last night, three armed bandits smashed in the window of a jewelry store at 27th street, kept the crowds at bay with their revolvers until they had emptied the contents of the store into their pockets, and then escaped, shooting one pedestrian who attempted to stop them.

A few minutes later three men entered another Broadway jewelry store, a few blocks uptown and after throwing pepper in a clerk's eyes, grabbed some trays of jewelry and ran from the store. The men, alleged to be members of the trio were arrested by the police after a chase. Both robbers, committed in the East of the white light district, were witnessed by thousands of persons. Broadway was thrown into the greatest excitement as police reserves arrived on the double quick, working on the theory that the robbers were committed by two different bands raced up and down the street and scoured the subway for the four missing bandits.

Proprietors of the two stores estimated that thousands of dollars worth of jewelry had been stolen.

The first robbery, in which Schwartz brothers were the victims, was engineered with great daring. While rubbing elbows with passing pedestrians, one of the bandits slipped an iron bar through the hinges of the door, so that it could not be opened from the inside. Then a brick, wrapped in cloth, was hurled through the window. At the jingle of falling glass, Frank Schwartz ran excitedly to the door and tried to pull open as he shouted for help. The crowd, also attracted by the crash, swarmed about robbers, two of whom continued coolly at their task of making diamonds and rubies out of the window, while the third member of their party kept spectators at bay.

Gun Play Begins.

Seeing the crowds halt and form in a semi-circle around the store, Patrolman Anthony Weigen came racing to the scene. Just as he arrived and began to fight his way through the excited throng, the robbers called it a day's work, packed their loot in their bags and started each for himself to carve a way through the human semi-circle.

Then came gun play. Sighting a man break away from the crowd, Patrolman Weigen with drawn revolver, gave chase.

The crowd took to cover as they heard the crack of a revolver, but Weigen had missed and the robber sped on. In front of the fugitive, was a subway air hole with the cover off, and through this hole the bandit jumped to the subway tracks 15 feet below.

He narrowly missed being struck by a passing train, for the roar of its progress was heard on the street by a few seconds after the robber played his last card and won.

For after reserves had assembled in force and surrounded the subway from 42d street down and 24th street up, they found no trace of the daring bandits, and were forced to admit that he had strolled to the nearest station, jumped up on the platform and escaped.

The second robbery occurred in the store of Marcus Feldman between 45th and 46th streets, where the theater throngs are thickest.

Charges Of Insult Pressed Against Prince Joachim

BERLIN, March 12.—Prince Joachim Albrecht of Prussia, cousin of the former German emperor, and Capt. von Platen are still being detained in the attack on members of the French commission in the Hotel Adlon, Berlin, last Saturday night. Joachim Albrecht was confronted by Count Metternich, an Austrian, who was in the room at the time the attack took place. The meeting was in the presence of the state's attorney and Metternich reiterated his original testimony that Joachim Albrecht not only shouted "Throw out the swine! Kill the dogs if they refuse to go!" but that he also threw rocks, and glassware at the French party.

The attorney for the imprisoned men will petition the military court for a writ of habeas corpus as they are being detained under the jurisdiction of Minister of Defense Noske.

TELEGRAPH BRIEFS

LONDON—Bolshevik troops have cleared the hostile forces from the entire peninsula of Yekik in Ciscaucasia, on the sea of Azov, it is announced in a soviet official communique received from Moscow. The town of Yekik had been destroyed by the reds.

MONTGOMERY, Ala.—Convicted of manslaughter following the shooting of Will Huggins, alias Huggins, in a difficulty after the latter had been released from prison for an alleged insult to the American flag in October, 1917, Eugene Flowers, of Etowah county, has been paroled from the state penitentiary by Gov. Kilby.

WASHINGTON—Abrogation of the agreement between the immigration authorities of the United States and Canada for mutual return of military deserters was announced today by Secretary Wilson. The agreement was entirely a war measure, the announcement said, and "its continuance during peace would operate to substitute deportation for the proper processes of extradition."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pain, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Shrine Band Will Give Free Concert

Music that was highly classical and rendered in a pleasing manner was given in large measure at the Shrine Institute Friday evening when the Shrine Institute band, led by E. K. White, made their second appearance in Memphis. That the concert offerings are coming with entirely too much frequency for the number of people here who can and will go and enjoy them was indicated by the large number of vacant seats. The first offering was in full keeping with the lofty standard set by the other concerts and had the added merit of being somewhat different, yet the attendance was discouraging. However, it can be said that the warmth of enthusiasm and appreciation from those who were there afforded some compensation. The trio has lost none of its wonderful art, and they rightly rank with the best in their realm of chamber music.

E. K. WHITE, Bandmaster.

At the Lyric theater Sunday afternoon at 3 o'clock lovers of good band music may have their craving satisfied, for the Al Chrymka temple band of about 60 pieces will appear in a free sacred concert. Under the direction of E. K. White this organization has been working some excellent work, and the public is extended a cordial invitation to be present.

ERECTION OF NEW HOTEL IS ASSURED

The building of the new \$1,500,000 hotel is assured, and the captains and members of the Chamber of Commerce teams taking subscriptions to the stock of the Tri-State Hotel company, will be permitted to see the issue of \$100,000 of stock. The entire issue of \$1,500,000, however, is to be paid in installments. The subscription is dependent upon a total subscription of \$1,000,000 and that sum will be in sight by Saturday night.

The board of directors will hold a meeting next week to elect five or six new directors to represent interests of subscribers in Mississippi, Arkansas and Tennessee outside of Memphis and to vote for an amendment to the charter permitting the issue of \$1,000,000 of stock. The present charter provides for a smaller amount, as when it was drawn final arrangements with the Chamber of Commerce to build a 450-room hotel had not been made.

The first payments on the stock, 25 per cent, will be due April 1. By that time, arrangements will have been made for letting contracts for raising buildings now on the hotel site and for preliminary construction work.

It will be unfortunate, in view of the competition in all local hotels, that the old Arlington must be closed as that will bring about a still greater scarcity of hotel rooms, but that cannot be avoided.

COLD DAMAGES FRUIT NEAR BATESVILLE, ARK.

BATESVILLE, Ark., March 12. (Sp.)—It is reported that the recent attack might have damaged the recent cold weather.

Interest in manganese mining is picking up. Several mines that were closed last year are now being reopened.

The Batesville ice plant, owned by Albright & Ramsey, was sold a few days ago to W. F. Albright, W. W. Albright and Alvin Montgomery. The new proprietors have taken charge. Messrs. Albright and Ramsey will now devote their entire time to their farming interests, which is quite extensive.

BELFAST—Constable Scully was shot and killed at Glennire, county Cork, Friday night. He was the twenty-sixth policeman murdered since Jan. 21. Two soldiers and a number of civilians were killed by gangs in the same vicinity yesterday.

Russian Brothers Give Enjoyable Ensemble Concert

BY GEORGE WILLIAMSON.

Music that was highly classical and rendered in a pleasing manner was given in large measure at the Shrine Institute Friday evening when the Shrine Institute band, led by E. K. White, made their second appearance in Memphis. That the concert offerings are coming with entirely too much frequency for the number of people here who can and will go and enjoy them was indicated by the large number of vacant seats. The first offering was in full keeping with the lofty standard set by the other concerts and had the added merit of being somewhat different, yet the attendance was discouraging. However, it can be said that the warmth of enthusiasm and appreciation from those who were there afforded some compensation. The trio has lost none of its wonderful art, and they rightly rank with the best in their realm of chamber music.

The program was strictly classical, perhaps a little too much so for the average person, who lacked in proper appreciation for the technical excellence and wonderful display of rhythmic effects. Yet it was easy to see that these young Russians have sat at the feet of inspired masters and are possessed of rare talent. Their graciousness and willingness to give more of their art at the insistent demands of their hearers made them popular, and the delight which greeted their numbers, which were somewhat more appealing and familiar, made the concert notable.

In their ensemble work the brothers have reached the acme of sympathetic artistry and reflect a oneness of spirit and a willingness to bury individuality for the sake of a common end, which is the big secret of that branch of music.

Leo, with his violin, perhaps made the strongest appeal to the audience and his playing was very satisfying, while Mischel displays a wonderful caliber on the cello, his tone work being superb. At the piano Jan gave a constant cause for wonderment at the powerful dynamics achieved on the keyboard, for rarely does one hear such business of tone or such marvelous technique. He chose for his numbers Chopin pieces, and right well did he render them. He also showed that he could shade his tones to wonderful fineness.

The two last numbers for the trio, "Russian" Romance, and Boieldieu's "At the Stream," were the most delightful of the entire program.

Expect Public To Reap Benefit

Reduction of delays in claim settlement and greater service to the public in all financial transactions is anticipated by Southern Pacific officials as a result of an announcement Friday that the road will act as trustee for the railroad administration in adjustment of liabilities. This information was received by L. C. Bouchard, general agent of the lines in Memphis, from T. O. Edwards, Southern Pacific auditor.

OVERCOME BY GAS.

Overcome by gas fumes which escaped from pipes he was connecting into a new house at Pontotoc avenue and Orleans street, Ernest Adams, negro laborer, employed by the Memphis Gas and Electric company, was found in an unconscious condition by fellow workmen Friday. He was revived by his companions, by means of artificial respiration.

Ernest was in a hole beside the new house, when the gas fumes reached. He had toppled into a heap when fellow workmen found him. After a few minutes he was able to walk to his home, 268 Gayoso avenue.

Barge-Line Now Operating At Full Capacity Height

The government barge line is operating practically at capacity now, according to J. V. Atkinson, agent in charge of the Memphis office. Reports show business increased 25 per cent in February over that of January and shipments for the first half of March indicate a further increase in use of the line.

Additional equipment is being put in service as rapidly as it can be secured and within the next few months officials expect to have considerable more equipment. Five 2,000-ton barges are expected at Cairo from the plant next week and will be put in use as soon as delivered.

Since inauguration of service between Memphis and St. Louis and Memphis and New Orleans it has been demonstrated, Mr. Atkinson says, that the barge line is the logical route for shipping to send their goods over, particularly export stuff. Not only are rates 25 per cent lower than rail rates but considerable time can be saved, particularly with shipments to New Orleans for transfer to sea-going ships. At the Southern port export goods are loaded into the hold of the ocean vessels directly from the barges, thereby saving

POLICE AND EXPRESS STRIKERS STAGE FIGHT

CHICAGO, March 12.—American Railway Express company strikers today were under heavy city police guard as a result of a fight between company police and pickets on strike duty in which a policeman was severely beaten and several others injured. The company asked for city police aid.

The express company employees are on strike for wage increases of \$3 a month.

RICHMOND, Va.—By a vote of 44 to 17 the general assembly passed the measure which creates the machinery necessary for women to vote in event the Susan B. Anthony amendment is ratified by a sufficient number of states. Under the act women voters will be amenable to the same laws as the male voters. They must pay poll taxes and register.

Why This Popularity?

There is no denying the Chevrolet's popularity. You see them all over town—you meet them on the road in the country. There must be something more behind the car than a good sales force.
